ALUM-A-BRAKE™ ULTIMA “Q” SERIES

Alum-A-Brake™ – Ultima “Q” Series Upgrade Parts

System Parts

Measuring Arms

Q-Cutter Mounts on track to quickly and easily cut material.

Q-Cutter Guide Bar Works with Q-Cutter and Q-Cutter Stop. Lines up pencil marks to cutter wheels.

Q-Cutter Stop Allows Q-Cutter to remain installed on the track without interfering with bending. Simply slide Q-Cutter back to stop. Quick release allows for easy removal for transport.

Maximizers

Parts

Alum-A-Brake Worktable A full size, lightweight, quick release, reversible table with measuring tape. Designed for fast and easy coil holder installation. Use with Coil Holder for extremely fast measuring of length and cutting of coil.

Measuring Arms

A fast measuring device designed for single bends and cuts without a pencil. Simply place coil on bend or cut side and lock brake for processing. Sold in sets of 2. Guide Bar required for installation.
